Here, in one volume, is a selection of the core and essential writings by internationally renowned scholar, mystic, and author Ernest Holmes, providing readers with a library of the most important ideas in the religious psychology that Holmes defined.

The Essential Ernest Holmes comprises selections from classic works such as **This Thing Called You**, **The Science of Mind** textbook, and **Creative Mind and Success**-but also included are brilliant passages from some of Holmes's lesser-known works, such as **The Voice Celestial**, as well as a generous sampling from articles and lectures.

The book features remembrances of the beloved sage and teacher from the works of his contemporaries; a chronology of Holmes's life and work; and an accessible introduction by editor Jesse Jennings that frames Holmes's body of ideas for all readers.
