It's About Time: America's Imprisonment Binge James Austin, John Irwin

IT'S ABOUT TIME provides a compelling argument, based on extensive research, illustrating how the U.S. attempts to lower crime by using our correctional system as the primary solution. The book includes personal accounts from prisoners to illustrate the brutal aspects of prison life and the intent of the U.S. to create a "prison industrial complex." This book often exposes students for the first time to varying points of view of the corrections system. The authors, one of whom served 10 years in prison and is now a noted criminologist in the field, present the material in a powerful but compassionate manner. The book's strong research base and accessible style make it a popular choice for a wide variety of courses.
