Three Beautiful, Damaged People Are About To Turn Their Romantic Luck Around at Frost Studios

Chad's life has taken a hard left turn. Now he's drifting through one town after another, looking for work and the sense of belonging that he had to leave back home along with what remained of a more innocent time. He's broke and getting desperate. Something's got to give.

A chance meeting with Dane Frost, an insanely hot, famous tattoo artist in a Las Vegas coffee shop ends with a job offer that Chad would be a fool to refuse. The pay may not be much, but for now he's content with a living wage, new friends and a roof over his head.

Ginger is a strong woman with a dynamite personality. She loves her job as an artist with Frost Studios working for her idol, but she's got major demons and an abusive boyfriend who continues to make her life hell. She needs a lover who will treat her with respect and give her the physical and emotional fulfillment that she so desperately lacks in her current relationship. Her soul is running on fumes.

When the new guy, Chad, starts working at Frost, she can't keep her eyes off of him. His youthful exuberance and gorgeous body betray a maturity beyond his years. However, she still has her current relationship to think about, and she's no cheater.

Xander is a beautiful man, and he knows it, but he's also damaged goods and in serious denial about many things in his life. He's used his looks and bedroom talents to score favors from older, closeted gay men on the down low for as long as he can remember. But now, Xander's current sugar daddy has grown bored of their arrangement, so it's time to sink or swim. Thankfully he knows of a hot young guy who recently took a room above the tattoo parlor where he gets inked. Maybe his artist, Ginger, can introduce them?

Although this is the second book in a series, each book is a *standalone* MMF Bisexual Romance Novel with an HEA ending and *no cliffhangers!*
