Revolutionary Social Change in Colombia: The Origin and Direction of the FARC-EP

James J. Brittain

Revolutionary Social Change in Colombia: The Origin and Direction of the FARC-EP James J. Brittain
This book presents an insider's account of Columbia's internal conflict. At the forefront are the Revolutionary Armed Forces of Colombia-People's Army (FARC-EP). Although they are one of the most powerful military forces in Latin American history, little is known about the FARC-EP. James J. Brittain explains where and why this political military movement came into existence and assesses whether the methods employed by the insurgency have the potential to free those marginalised in Colombia. As democratic socialism develops in Venezuela and Bolivia, Brittain's fascinating study assesses the relevance of armed struggle to 21st century Latin American politics. This is an essential title for those wishing to develop a full understanding of the continent. By evaluating the FARC-EP's actions, ideological construction, and their theoretical placement, the book gauges how this guerrilla movement relates to revolutionary theory and practice and through what tangible mechanisms, if any, they are creating a new Colombia.
