# Building Information Modeling: Planning and Managing Construction Projects with 4D CAD and Simulations (McGraw-Hill Construction Series) (Set 2)

Willem Kymmell

**Building Information Modeling: Planning and Managing Construction Projects with 4D CAD and Simulations (McGraw-Hill Construction Series) (Set 2)** Willem Kymmell

**Improve Planning and Management on Any Construction Project with Powerful BIM Tools**

*Building information modeling (BIM)* integrates 3D drawings and 4D animations to dramatically improve the communication, coordination, and planning of construction projects, while reducing risks, errors, and costs. *Building Information Modeling* is an in-depth resource that shows architects and building professionals how to capitalize on BIM concepts, tools, and techniques for their own building projects.

- An in-depth explanation of BIM concepts, tools, and techniques
- Guidance on applying BIM to new and retrofit construction projects
- More than 200 photos, charts, diagrams, and details of the BIM process
- Detailed case studies

**Inside this Comprehensive Guide to BIM Technology**

Background: • The Setting for BIM • Current Practice • Legal Considerations Building Information Modeling: • BIM Concepts • BIM Planning • BIM Implementation Software Tools: • Modeling Tools • Model Production • Model Analysis • Specific Software Options Learning BIM: • Learning Methods • Skill Sets • The Learners Case Studies

**From reader reviews:**

**Daniel Padilla:**

As people who live in often the modest era should be up-date about what going on or facts even knowledge to make these individuals keep up with the era which is always change and advance. Some of you maybe can update themselves by reading through books. It is a good choice for yourself but the problems coming to anyone is you don't know which one you should start with. This Building Information Modeling: Planning and Managing Construction Projects with 4D CAD and Simulations (McGraw-Hill Construction Series) (Set 2) is our recommendation to cause you to keep up with the world. Why, because this book serves what you want and need in this era.

**Stephanie Armstrong:**

Now a day those who Living in the era wherever everything reachable by interact with the internet and the resources included can be true or not call for people to be aware of each facts they get. How many people to be smart in obtaining any information nowadays? Of course the answer then is reading a book. Studying a book can help folks out of this uncertainty Information especially this Building Information Modeling: Planning and Managing Construction Projects with 4D CAD and Simulations (McGraw-Hill Construction Series) (Set 2) book because this book offers you rich information and knowledge. Of course the details in this book hundred % guarantees there is no doubt in it as you know.

**Robert Dougherty:**

Your reading 6th sense will not betray an individual, why because this Building Information Modeling: Planning and Managing Construction Projects with 4D CAD and Simulations (McGraw-Hill Construction Series) (Set 2) e-book written by well-known writer we are excited for well how to make book that may be understand by anyone who have read the book. Written inside good manner for you, leaking every ideas and writing skill only for eliminate your own personal hunger then you still doubt Building Information Modeling: Planning and Managing Construction Projects with 4D CAD and Simulations (McGraw-Hill Construction Series) (Set 2) as good book not merely by the cover but also from the content. This is one reserve that can break don't determine book by its handle, so do you still needing a different sixth sense to pick this particular!? Oh come on your looking at sixth sense already alerted you so why you have to listening to a different sixth sense.

**Louise Denison:**

Reading a publication make you to get more knowledge from the jawhorse. You can take knowledge and information from the book. Book is created or printed or descriptive from each source that filled update of news. In this modern era like today, many ways to get information are available for a person. From media social including newspaper, magazines, science book, encyclopedia, reference book, new and comic. You

can add your understanding by that book. Are you hip to spend your spare time to open your book? Or just trying to find the Building Information Modeling: Planning and Managing Construction Projects with 4D CAD and Simulations (McGraw-Hill Construction Series) (Set 2) when you necessary it?
