“Shin’s poetry is a grand orchestration of the cacophonous events and voices in an immigrant woman’s life. Marked by a keen political consciousness, an imagination as wicked as it is generous, and an erotic, physical sense of language both remembered and forgotten, these poems are at once social critique and personal intimation, worth revisiting again and again.”—Jane Jeong Trenka

As Sun Yung Shin spins new myths from Catholic and Buddhist traditions and bestows new connotations upon the characters of the Korean alphabet, she gives voice to the spiritual and cultural hunger of transnational adoptees, crafting a nuanced, unique language for navigating the politics of gender, ethnicity, and identity.
