It has always been Lily, Kyle, and Travis.

The three of them were always together. They were a team. They grew up together, went to school together, and even graduated college together, but something in their world is shifting.

Lily is beginning to see them differently. She doesn't want things to stay the way they are. Her heart races when they are in the same room together. She imagines their hands on her body. What happens when her secret dreams become reality? Is she willing to cross that line?

If she does, there will be no coming back.
