Ichimoku esencial (Spanish Edition) Francisco Javier Muñoz

Este libro pretende acercar al lector el indicador japonés Ichimoku Kinko Hyo de una manera progresiva, cómo se forman las líneas y la nube, los nombres que reciben, todo ello con multitud de gráficos para facilitar la comprensión de su verdadera importancia. También pretende al mismo tiempo, eliminar ese rechazo a lo nuevo, a lo que nunca hemos utilizado, y por este motivo este libro nos va mostrando la enorme utilidad de este indicador en los gráficos que incluye, y así conseguir de él un elemento cotidiano en el análisis técnico diario. La técnica de Ichimoku es una de las incorporaciones más recientes del análisis técnico oriental en occidente. Su verdadera ventaja está en la determinación de manera instantánea de la tendencia existente en un gráfico. Esto además, es independiente del time frame que utilicemos. Otra de las cosas que podemos deducir de esta técnica es descubrir fácilmente las zonas alcistas y las bajistas que se muestran claramente. Con velas japonesas, utilizando el indicador Ichimoku, podemos analizar prácticamente cualquier activo. Sin embargo, no por este hecho vamos a dejar de utilizar las técnicas occidentales de análisis técnico, que en otras ocasiones son fundamentales.
