Writing on the job is for professionals who want to thrive on the job. As you work through each chapter, you integrate leading edge practices for writing and communication into your daily activities. To write faster, embrace the process by applying composing tools and templates to get your ideas down quickly. To write better, develop your editing skills--effective editing takes the mystery out of how to produce correct, clear, and concise writing. As you learn principles that are easy to apply, you make confident decisions, save yourself time, and improve your credibility. To write smarter, focus on purpose and context. By making your purpose easily accessible, you give your reader maximum value with minimum effort. Do the work, and you will see the results: when your readers have easy access to your message, you get better results.
