**Admiral Invincible (A Spineward Sectors Novel Book 7)** Luke Sky Wachter Book Seven of Eight in the Spineward Sectors Series: Admiral Invincible

Another day, another set of problems for the Spineward Sectors' youngest Admiral.

Fresh off the battle of Aqua Nova, Admiral Montagne & Co. find themselves navigating uncharted waters, surrounded by 'allies' who seemingly have little interest in the Multi-Sector Patrol Fleet — or the safety of its people.

Determined to avoid having his people used as human shields in the fast-approaching final conflict with the Droid Tribes, the Little Admiral will have to dig deep into his bag of tricks to have even a prayer of coming out ahead when the final tally is made.

But with a parricidal cousin and mutinous former First Officer off negotiating an unthinkable truce on his behalf; an increasingly depressed and bitter Chief Engineer grappling with his place in the universe; a wife who seems to think this is the ideal time for a momentous, life-changing event to take place; and a ramshackle fleet with far less throw weight than he would have liked to take into battle — one that's manned by a severely undertrained crew — what could possibly go wrong?

It's all just another day at the office for the intrepid crew of the MSP.
