## **The Great Theologians: A Brief Guide** Gerald R. McDermott

Who are the church's great theologians? What was special about their teaching? What can we learn from them today? Gerald McDermott has written this book for those who want a solid introduction that is challenging, but not overwhelming. Provocative but satisfying. And not too long. McDermott not only informs us about eleven pivotal theologians from Origen to von Balthasar, but helps us sort out what is of continuing value today. With study questions at the end of each chapter, this book is perfect for small groups to go through together. As you do, you'll explore your shared theological history and uncover more about what and why you believe. Here's your chance to think with "the greats" about God.
