Money. Wealth. Life Insurance.: How the Wealthy Use Life Insurance as a Tax-Free Personal Bank to Supercharge Their Savings Jake Thompson

America's elite have been using cash value life insurance to stockpile wealth for centuries. Used correctly, it is better described as a *personal bank on steroids*, and a *financial bunker for tough times*.

To be clear, this book is *not* about the typical garbage peddled by most insurance agents. Rather, an alternative to the risky investment strategies taught by Wall Street.

It details a highly efficient form of cash value life insurance designed to supercharge your savings and stockpile wealth. A product so powerful it's responsible for the success of Walt Disney, JC Penney, Ray Kroc, and thousands of others.

Here's what you'll discover:

- How the wealthy use this vehicle to create more wealth, take less risk, and create predictable income they can't outlive
- Why banks and corporations place *billions* of dollars in this powerful vehicle
- How I earned over 300 percent returns leveraging my life insurance policies
- How you can create a safe, predictable foundation to enhance *every* financial decision you make
- How to win with taxes and keep more of the money you make

While the information compiled into this book is valuable, you'll also find three case studies that show you exactly how it works. You'll be able to visually see how it grows, how it's accessed, as well as the future income that can be taken.

Influencers of this book are Nelson Nash, his book "Becoming Your Own Banker: Unlock the Infinite Banking Concept"; Pamela Yellen, her book "Bank on Yourself"; Dwayne Burnell, his book "Financial Independence in the 21st Century - Life Insurance * Utilize the Infinite Banking Concept * Compliment Your 401K - Retirement Planning With Permanent Whole Life versus Term or Universal - Create Financial Peace"; and my Father Dan Thompson, and his book "The Banking Effect: Acquiring wealth through your own Private Banking System."

I was introduced to these financial strategies at a young age, and this is book represents the effort and energy on both the part of everyone of my mentors, these authors here, as well as my own diligence in learning about and implementing these very same strategies into my personal finances.

This book is designed to simplify some of the concepts surrounding cash value life insurance, such as Infinite Banking and Bank on Yourself, and make them easier to understand, stripping them down to the core benefits of cash value life insurance.
