**Politics and Policy in American States & Communities (8th Edition)** Dennis L. Dresang, James J. Gosling

Updated in its 8th edition, *Politics and Policy in States & Communities* distinguishes itself through its highly accessible writing style, inclusion of unique topics such as tribal governments, extensive discussion of intergovernmental relations, and its focus on the relationship between government and the governed--how individuals are affected by government decisions and how individuals influence public policy ("face-to-face" approach). The "face-to-face" approach to the study of state and local governments personalizes the material, connects government to readers' lives, and makes the material more meaningful and relevant to the reader.
