The Meaning of Life (A Child's Book of Existential Psychology)-Review Copy Julian Lev

Just because Existential Psychology sounds difficult doesn't mean it has to be. For it to be useful, everyone should be able to understand it and discuss it. In this book some fundamental problems of human life are presented with pictures and text that even a child can understand. The title may be challenging for some readers, but the story itself is a brief and imaginative review of what it means to be alive and human-- no matter who you are or where you come from.
