Excerpt from The Boy General: Story of the Life of Major-General George A. Custer

"The Boy General" is a condensed survey of the life of Major-General George Armstrong Custer, as told by his wife, Elizabeth B. Custer, in her matchless books, "Tenting on the Plains," "Following the Guidon," and "Boots and Saddles." It summarizes General Custer's public services, from the reorganization of Texas after the Civil War and the suppression of the intended Mexican Invasion, to the pioneer work of himself and his brave soldiers in opening up the Northwest.

Sympathize as we may with the unfortunate Indian, we can but acknowledge that there is no longer any room on earth for uncivilized conditions to exist. Humanity is in the process of evolution toward a brotherhood that must be universal. "The Earth is the Lord's." It is not the Indian's. It is not the White Man's. It must open up for the good of all men, each individual to use it for his highest development.
