The End of Days Survival Guide: Preparing for the Worst Philip Mackey

There you are with your grande latte and designer sunglasses pushed up in your hair, wondering what book to buy. Are you ready if the sh*t hits the fan? Your supercomputer cell phone will either set you on fire or won't work at all, and your total lack of preparedness will make you one of the first victims. Just put this one back on the shelf because you don't really believe in this 'Apocalypse' garbage anyway. Your soft hands and sad excuse for a desk job have left you utterly worthless in a survival sense, and the fact that you just looked at your hands confirms it. There are plenty of safe picture books, with large, simple words that will not intimidate you. Just keep droning on mindlessly at your meaningless job and forget that our existence on this planet could end at a moment's notice.
