Redheads Jonathan Moore

A killer far worse than insane.

Chris Wilcox has been searching for years, so he knows a few things about his wife's killer. Cheryl Wilcox wasn't the first. All the victims were redheads. All eaten alive and left within a mile of the ocean. The trail of death crosses the globe and spans decades.

The cold trail catches fire when Chris and two other survivors find a trace of the killer's DNA. By hiring a cutting-edge lab to sequence it, they make a terrifying discovery. The killer is far more dangerous than they ever guessed. And now they're being hunted by their own prey.
