Universal Human Rights: Origins and Development (Law and Society)

Stephen James

Universal Human Rights: Origins and Development (Law and Society) Stephen James

James offers a comprehensive, interdisciplinary account of the origins and development of universal human rights from the earliest days to 1966, when the Covenants were added to the Universal Declaration of Human Rights. His work has significance for debates about the universality of international human rights law in a culturally diverse world, and is a contribution to the defense of the universality of that body of law. The book challenges the view that the international human rights regime was a hegemonic imposition by the West, and is to that degree illegitimate today. The book demonstrates both the diverse origins of the regime, and the significant Western resistance to it. In each period the book examines, there was support for universal human rights from culturally diverse states, national and international NGOs, and activists.

Noel Stevens:

People live in this new morning of lifestyle always aim to and must have the time or they will get wide range of stress from both daily life and work. So , once we ask do people have free time, we will say absolutely indeed. People is human not really a robot. Then we inquire again, what kind of activity do you possess when the spare time coming to an individual of course your answer will unlimited right. Then ever try this one, reading ebooks. It can be your alternative in spending your spare time, the actual book you have read is Universal Human Rights: Origins and Development (Law and Society).

Duane Zook:

As a college student exactly feel bored to help reading. If their teacher expected them to go to the library as well as to make summary for some reserve, they are complained. Just very little students that has reading's spirit or real their interest. They just do what the instructor want, like asked to the library. They go to right now there but nothing reading significantly. Any students feel that reading through is not important, boring in addition to can't see colorful photos on there. Yeah, it is to get complicated. Book is very important for you. As we know that on this period of time, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. Therefore this Universal Human Rights: Origins and Development (Law and Society) can make you truly feel more interested to read.
