On a remote South China Sea island, a deadly hunt is underway... but not the kind of expedition the participants expected. In this remote, jungle-covered island somewhere between Thailand and Indonesia some of the most exotic animals in the world have been gathered as the prizes in a challenge of human against nature. The hunters come from all walks of life. Each has come to the island for personal reasons, some secret, some deadly. But when the encampment's owner, ex-Khmer Rouge Colonel Rath Preap, finds the fences cut and his security men missing, it's clear that the game has turned. And as the hunters battle for survival, they discover there is another creature out for blood... an adversary that has faced death on a thousand worlds - a Predator with an unstoppable lust for conquest!
