REA's *Crash Course* for the AP® Environmental Science Exam - Gets You a Higher Advanced Placement® Score in Less Time

Crash Course is perfect for the time-crunched student, the last-minute studier, or anyone who wants a refresher on the subject.

Are you crunched for time? Have you started studying for your Advanced Placement® Environmental Science exam yet? How will you memorize everything you need to know before the test? Do you wish there was a fast and easy way to study for the exam AND boost your score?

If this sounds like you, don't panic. REA's *Crash Course* for AP® Environmental Science is just what you need. Our *Crash Course* gives you:

Targeted, Focused Review - Study Only What You Need to Know

The *Crash Course* is based on an in-depth analysis of the AP® Environmental Science course description outline and actual AP® test questions. It covers only the information tested on the exam, so you can make the most of your valuable study time. Our easy-to-read format gives you a crash course in human population dynamics, managing public lands, energy conservation, changes in Earth's climate, species extinction, loss of biodiversity, and more. The author also includes must-know key terms and basic math and science concepts all AP® students should know before test day.

Expert Test-taking Strategies

Our experienced AP® Environmental Science teacher shares detailed question-level strategies and explains the best way to answer the multiple-choice and free-response questions you'll encounter on test day. By following the expert tips and advice, you can boost your overall point score!

Take REA's FREE Practice Exam

After studying the material in the *Crash Course*, go to the online REA Study Center and test what you've learned. Our free practice exam features timed testing, detailed explanations of answers, and automatic scoring analysis. The exam is balanced to include every topic and type of question found on the actual AP® exam, so you know you're studying the smart way.

Whether you're cramming for the test at the last minute, looking for extra review, or want to study on your own in preparation for the exams - this is the study guide every AP® Environmental Science student must have.

When it's crucial crunch time and your Advanced Placement® exam is just around the corner, you need REA's *Crash Course* for AP® Environmental Science!

Marian Storie:

In this period globalization it is important to someone to acquire information. The information will make a professional understand the condition of the world. The condition of the world makes the information quicker to share. You can find a lot of personal references to get information example: internet, newspapers, book, and soon. You will observe that now, a lot of publisher which print many kinds of book. Often the book that recommended to you is AP® Environmental Science Crash Course Book + Online (Advanced Placement (AP) Crash Course) this reserve consist a lot of the information of the condition of this world now. This book was represented how does the world has grown up. The words styles that writer require to explain it is easy to understand. The particular writer made some investigation when he makes this book. Here is why this book suitable all of you.

William Pare:

As a university student exactly feel bored to reading. If their teacher inquired them to go to the library or to make summary for some e-book, they are complained. Just very little students that has reading's heart or real their hobby. They just do what the professor want, like asked to the library. They go to right now there but nothing reading critically. Any students feel that looking at is not important, boring and also can't see

colorful pictures on there. Yeah, it is being complicated. Book is very important for yourself. As we know that on this period of time, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore this AP® Environmental Science Crash Course Book + Online (Advanced Placement (AP) Crash Course) can make you really feel more interested to read.
