Dataflow Processing, Volume 96 (Advances in Computers)

Dataflow Processing, Volume 96 (Advances in Computers)

Since its first volume in 1960, *Advances in Computers* has presented detailed coverage of innovations in computer hardware, software, theory, design, and applications. It has also provided contributors with a medium in which they can explore their subjects in greater depth and breadth than journal articles usually allow. As a result, many articles have become standard references that continue to be of significant, lasting value in this rapidly expanding field.

- In-depth surveys and tutorials on new computer technology
- Well-known authors and researchers in the field
- Extensive bibliographies with most chapters
- Many of the volumes are devoted to single themes or subfields of computer science
